### NEW CLUB MANAGER

The committee is proud to introduce Juliet 'Julie' Kenyanga, Julie is a long time Entebbe resident and has joined the team in September from Henkel in Kampala. Julie has successfully completed her probationary period and has settled in well with her new team and is doing a sterling job.

Welcome Julie.

## CLUB PREMISES

- Breakwater wall has now been rebuilt and completed – In the New Year the vision is to lay a shallow layer over the hardcore, add black soil and plant grass. With the breakwater in place, the beach furthest from the slipway has redeveloped. Boat owners are requested to keep this area clear as it is a designated sail boat area and not a beach mooring zone.
- Boat owner's rules & regulations have been printed and are available for viewing in the boat yard.
- Banda's are in the process of being upgraded with new refrigerators, kitchen ware and linens, with new roofing to be applied in January.

## SAILING

All boats are up and running.

Please contact Sylvie for anything sailing related {Tel. 0778-475253}. Thanks.

## SOCIAL

- Halloween Party – Thanks to Nicky this was a great success and we had some really excellent (and some scary) outfits and trick a treating's..

- Boot Sale September and November – these were both a huge success and great fun and shopping had by all! The club is scheduling 3 such events in 2022. Perhaps next year we will be treated to M&M’s diner with burgers.

- Children’s Christmas party 12th December 2021- please see attached flyer -
  - o Parents are requested to kindly ensure gifts are well marked with children’s name
  - o we look forward to welcoming Father Christmas at 2h30pm.

## **FISHING**

Resultant to recent challenges associated to the availability and insurance of fishing permits and boat operator licenses, the social fishing competition scheduled for the weekend, 6th & 7th November was cancelled and will be re-scheduled for next year.

Boat licenses: Ministry of Works did inspect, and issue permits to a few members (September 2021) that were available on the day. Our Powerboat Committee Member has requested to schedule another date for this and will communicate same once confirmation is received. This license is annual, running January through to December.

Fishing permits: This has now been enforced and entails an annual permit of ugx 150,000 per fisherman for recreational fishing. This runs on a calendar year, January through to December and is not sold
